Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Monday 05 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Windy tonight, as heavy rain persists before clearing northwards.

This Evening and Tonight:
Turning windy with a risk of gales along coasts in eastern areas. Widespread rain continues, leaving heavy downpours for some, and then clearing overnight as it moves northwards. Showery rain to follow, potentially heavy with a risk of thunder. Minimum temperature 10 deg C (50 deg F).

Tuesday:
Scattered showers throughout Tuesday, heavy at times and turning more widespread later in the afternoon. Maximum temperature 19 deg C (66 deg F).

Outlook for Wednesday to Friday:
Scattered showers and sunny spells on Wednesday and Thursday, heavy in some areas with thunder possible on Wednesday. A chance of further showers for some on Friday.
